Water Boreholes

We are one of the leading suppliers of water borehole solutions in Cornwall. Because of this and our long experience in the industry we can tailor a solution to meet your needs. For a fast and efficient service please ring 01726 824837 and ask for Dave Emery.

Construction Services

For more information on our range of construction and civil engineering services please contact Richie on 01726 824837

Renewable Energy Services

More more information on our range of renewable energy services please ring 01726 824837 and ask for Andy Lutey.

Location

Because we are based in St Stephen near St Austell in central Cornwall we can quickly and efficiently cover the whole of

Devon and Cornwall.

We have a multi-disciplined and well trained workforce and are well placed to manage a diverse range of projects. Including private water installations, refurbishment of existing systems and new build projects for domestic and commercial clients.

Aquasource (SW) Ltd- Water, Ground Source and Construction Services

[Well Restored for Cornish properties.](#)

Aquasource (sw) Ltd has successfully completed the refit of a disused well incorporating a water storage tank, pressure set and water filtration. The system was designed to meet the water needs of 3 individual cottages and a small holding. For more details on our range of water related services please contact Steve on 01726 824837 [...]

[A wonderful description of a water Borehole install by The Emerald, Nr Truro](#)

Thank you to the Emerald for their write up on their new water supply which you can read here

[Customer Feedback](#)

Aquasource have helpful happy staff. The Office staff were very helpful too. Mrs J Hall

[Nice Customer Testimonial](#)

Thank you to Paul for his kind words. Hi, firstly a huge thankyou for coming out to look at our water pump problem. The workers who attended on both days were great. Your lads were very polite and professional (with a good sense of humour) under the very awkward conditions they had to work [...]

[Customer Testimonial](#)

Nice Customer testimonial received. Hello Dave, John and I just want to say how happy we were with the work Andy and Robbie did and how pleasant they were to have at our house. I think people are always ready to complain so I think it is just right to praise where praise is due. [...]
