

Testimonials

"The two drillers from Aquasource (Robbie and Andy) were a credit to their company. Often working in such sensitive areas as an MOD base, many contractors do not appreciate the extra time and effort that go's into the briefs, inductions and controlling the working area but fortunately these guys couldn't of done anymore to ensure their part went smoothly." Jim Stone. ACIOB, Project Manager (West), Debut Services (South West) Limited

The service we received from you was excellent, so much so that we have recommended your service to our neighbour who is also now interested in having a borehole, and hopefully you will hear from her soon. Mrs J. E. Vanstone, Lifton.

Please could you pass on my thanks to all your staff (especially the drillers) for the great service and minimal disruption to our garden, and their pleasant manor and hard work. Many thanks. Mr Wade, Welcombe, Bideford.

Many thanks for your prompt attention and good service. Mr. Philips, Coverack

My Husband and I would like to say how excellent we found your firm and operatives service. After being without water from our borehole for over two months we are so pleased to have found a company such as yourselves to come in and get us up and running again as quickly as you did. You have succeeded where other companies have failed over the past two months and we cannot recommend your firm and your operatives highly enough. We found your operatives to be cheerful, honest and diligent. We shall have no hesitation in both using and recommending aqua-source in the future. Thanking you very much. Mrs C. Wills, Launceston.

Many thanks for the work you have done and the helpful advice, I have also been impressed by your efficient and helpful staff. Regards Mr K. Lunt, Liskeard.

I would like to say a big thank you to you all especially TJ, Chris, Dick and Joe for a great job done. All the engineers worked very hard and were great fun to have around. Once again thanks for a professional service. Mr + Mrs Middleton, St Austell.

Thank you for all your visits, help and work at Mawgan well. We all appreciate your expertise and hope the problem with the overflowing tank may now have been managed. With best wishes and gratitude from us all. Mrs Muir, Mawgan, Helston.

Thanks for the prompt response last week, so far all good. We have been really pleased with the work and service to date and have recommended you to others. Mrs English, Furlanes.

I would like to take this opportunity to thank you for your fast efficient and courteous service. I will definitely use your service again in the future. Mr & Mrs Lichfield

Once again many thanks from all three of us in the hamlet, for whom you and your men worked so hard to get our boreholes up and running in such a short space of time. Whilst no such installation can ever be 'mess free' another thankyou must go to the drillers for their efforts to contain the debris and clean up the sites. As i say from start to finish all your operatives were a pleasure to have on site. PS The water is fantastic Mr. S. Hatton & Neighbours
